Which is the best nest for Kimi the pukeko?
Kimi must only take twelve steps to catch bugs.
Kimi must get back to her nest.
The steps must be vertical or horizontal.
She cannot visit any square more than once.
She must go around rocks and plants.
One nest is better than the others.
A good route for nest A is given. (6 bugs)

The grid contains the following elements:

- Obstacles:** Rocks (grey) and plants (green) are placed in various cells.
- Start:** Kimi the pukeko is at the top-left corner (row 1, column 1).
- Path for Nest A:** A series of green arrows shows a route starting from the start, moving right to a ladybug, then down to another ladybug, then right to a third ladybug, then down to a fourth ladybug, then right to a fifth ladybug, and finally down to nest A.
- Nests:** Five nests are labeled A, B, C, D, and E.
- Bugs:** Six ladybugs and six flies are scattered throughout the grid.
